

TRADER PARTICIPATION & PERFORMANCE REWARD AGREEMENT

This Agreement is entered into between **YouthFunding** (“YouthFunding”, “we”, “us”, or “our”) and the applicant/trader who submits an application through the YouthFunding website (“Trader”, “you”, or “your”). By clicking “I Agree” on the application form, the Trader confirms that they have read, understood, and agreed to the program terms, trading rules, payout conditions, and other provisions contained in this document.

1. PROGRAM NATURE

YouthFunding operates a performance-based simulated trading program. The trading account provided to the Trader is a **demo/simulated account** and does not represent a cash account containing funds owned by the Trader. Any displayed account balance or trading capital is simulated unless YouthFunding expressly states otherwise in writing.

The purpose of the program is to evaluate trading performance under defined rules and, where the Trader qualifies, provide a monetary performance reward/payout according to the applicable YouthFunding payout rules.

2. STARTING SIMULATED BALANCE

Unless otherwise stated in the Trader’s individual offer or account confirmation, the standard program account is issued with a simulated starting balance of **PKR 100,000**.

3. TRADING & COMPLIANCE

1. The Trader must use only the account, platform, credentials, and trading methods authorized by YouthFunding.
2. The Trader must comply with all risk limits, drawdown limits, position-size limits, prohibited-strategy rules, trading hours, and other rules communicated by YouthFunding.
3. YouthFunding may review trading activity, account history, execution records, and other relevant data to determine compliance.
4. The Trader must not manipulate, falsify, interfere with, or attempt to circumvent the simulated trading environment or program rules.
5. Account credentials must not be sold, transferred, shared, rented, or otherwise provided to another person unless YouthFunding gives written permission.
6. YouthFunding may suspend or terminate an account if it reasonably determines that the Trader has breached this Agreement or the applicable trading rules.

4. PERFORMANCE & PAYOUTS

Profit shown on a simulated account does not automatically create a right to payment. A payout/reward becomes payable only when the Trader has satisfied **all** applicable eligibility requirements, trading rules, verification requirements, and payout conditions in effect for the Trader’s program.

Where applicable, the Trader may request a payout of qualifying performance rewards. YouthFunding will review the request before approval. The maximum withdrawal/payout amount is currently **PKR 50,000 per week**, unless YouthFunding provides a different written limit for the Trader.

YouthFunding reserves the right to reject, reduce, delay, or cancel a payout where there is evidence of a rule violation, inaccurate information, suspicious activity, technical manipulation, or other conduct inconsistent with this Agreement.

5. PAYOUT PACKAGE / ELIGIBILITY

Any applicable payout package, number of permitted payouts, qualification threshold, payout percentage/reward amount, fees (if any), and other commercial terms will be communicated to the Trader before participation or through the Trader's account/program documentation. If a specific written offer conflicts with a general term in this Agreement, the specific written offer will govern for that Trader to the extent expressly stated.

6. IDENTITY & PAYMENT VERIFICATION

Before making a payout, YouthFunding may request reasonable information needed to verify the Trader's identity, account ownership, eligibility, and payment details. The Trader agrees to provide accurate and current information. YouthFunding may delay processing until required verification is completed.

7. WHO THIS PROGRAM IS FOR

The YouthFunding program is designed for traders who already have trading skills and who trade **independently**, using their own analysis, strategy, and decisions.

This program is **not** for anyone who expects YouthFunding to trade for them, to grow their money, or to earn profits on their behalf. Joining the program, and paying any fee to join, does not mean that YouthFunding will deposit, manage, invest, or trade funds for the Trader. YouthFunding does not trade on behalf of Traders and does not generate profits for them.

Any profit on a Trader's account can come only from the Trader's own trading performance, and any payout is earned only through the Trader's own skill, discipline, and compliance with the program rules. Participation does not guarantee profit, income, employment, funding, or any particular payout amount.

***In simple terms:** you trade, you earn. YouthFunding provides the program, the rules, and the evaluation — not the profits.*

8. ACCOUNT TERMINATION

YouthFunding may terminate or suspend participation for material rule violations, fraudulent or misleading information, account sharing, manipulation, abuse of the program, or other serious breaches of this Agreement. Where appropriate, YouthFunding may provide the Trader with an explanation of the reason for the action.

9. INTELLECTUAL PROPERTY & PROGRAM MATERIALS

YouthFunding names, logos, website content, program materials, rules, branding, and other proprietary materials may not be copied, reproduced, resold, or used commercially without written permission.

10. CHANGES TO PROGRAM TERMS

YouthFunding may update program rules, payout conditions, risk requirements, or operational procedures from time to time. Material changes will be communicated through the applicable YouthFunding channel. Rules already applicable to a completed trading period or approved payout will not be changed retroactively solely to defeat an otherwise valid entitlement, except where necessary to correct fraud, abuse, technical errors, or a clear violation.

11. LIMITATION OF RESPONSIBILITY

YouthFunding is not responsible for losses, delays, interruptions, or failures caused by internet outages, third-party platforms, market-data providers, payment processors, force majeure events, or other circumstances outside its reasonable control. Nothing in this Agreement excludes a legal responsibility that cannot lawfully be excluded.

12. GOVERNING LAW & DISPUTES

The governing law and dispute-resolution process for this Agreement should be completed by YouthFunding before publication and may depend on the jurisdiction in which YouthFunding operates. The parties agree to attempt to resolve disputes in good faith before commencing formal proceedings, subject to applicable law.

13. ENTIRE AGREEMENT & ACCEPTANCE

Initial program fee refund: If a Trader is unable to generate any profit at all, the Trader will not be entitled to request a refund or return of the initial fees paid to join the program.

This Agreement, together with the Trader's applicable program rules, account confirmation, and any written payout terms, forms the agreement between the parties concerning participation in the YouthFunding program. By clicking "I Agree" on the application form, the Trader confirms that they have had an opportunity to read the terms and voluntarily agree to them.

IMPORTANT: This document is a business/program template and should be reviewed by a qualified lawyer before YouthFunding uses it as a legally binding agreement, particularly regarding Pakistan law, consumer protection, payments, taxation, gambling/prize regulations, financial-services regulation, and the legal characterization of simulated trading rewards.
